

WARNING

- ◆ Exposure to ultraviolet radiation such as from a sun-tanning unit contributes to the skin ageing process and may cause skin cancer.
- ◆ People with fair skin and who are unable to tan shall not use a sun-tanning unit.
- ◆ Intentional exposure to sunlight or sun-tanning unit should be avoided for 48 hours after sun-tanning exposure.
- ◆ Protective goggles must be worn at all times while undergoing sun-tanning unit exposure.
- ◆ No person under the age of 18 shall use a sun-tanning unit without parental consent.
